| After Care Fees including lunch (optional) | R 935.00 | R 10,285.00 | - |

ENROLMENT FEES

The Enrolment Fee is payable upon handing in of application and is not refundable.

SECOND LEARNER DISCOUNT

A discount of R1000 per learner per annum is given for the 2nd child and subsequent children in a family.

SCHOOL FEE PAYMENT

The school is a self-sufficient entity and receives no financial support from the Church, Department of Education or any other bodies. To manage the school effectively and efficiently, the school relies entirely on school fees to operate effectively, pay staff salaries, and maintain a high standard of education. Parents are contractually and statutorily compelled to pay school

fees as determined annually by the Governing Board of the school. The Annual School Fees are calculated over an 11-month period (January – November) and are payable **in advance** before or on the **7th of each month**.

[Please note that fees are calculated on 11 x monthly payments (January – November)]

If, for any reason, payment cannot be made by the 7th of each month, a formal, written request must be handed in at the School Office, reflecting the date on which payment can be made. If this arrangement is approved, it must be strictly adhered to. Failure to make payment on the agreed date will be treated as non-payment.

Enrolment Fee is payable when you hand in the Application Form. Although the statement for January will only be sent electronically by the 20th, all fees for January should be paid by the 7th of January.

When paying school fees, always quote the Child's account number allocated to you on your monthly statement.

If fees are in arrears, the School reserves the right to withhold work portfolios or to cancel the enrolment contract with the parent with immediate effect, according to the conditions of the Parent Contract. This will mean that the learner may no longer attend the school. The non-payment of fees will result in a learner not being accepted for the following year. The School also reserves the right to hand over outstanding fees to our attorneys for collection.

EARLY SETTLEMENT

If annual Tuition fees are settled in full before **31st January** of a year, a 5% reduction on the fee is awarded (see Tuition Fees)

CREDIT CARD FACILITY

We do not operate a Debit Order system, but we do have a Card Facility at the office for your convenience.

KARRI APP

For payment of school events and class outings, it is compulsory to utilize the '**Karri App**' powered by Nedbank. This App is available on the Google Play or iStore on your mobile phone or tablet. An amount of money can be pre-loaded to an e-wallet via your debit or credit card. The amount can cover the full year and parents can just click 'pay' when they receive an event notification from Karri. This eliminates the sending cash to school in envelopes or even forgetting about the event. Karri sends regular reminders to your phone. You will receive a unique code for each child, after which you can download the App and register your child.

WEST VIEW COLLEGE BOARD

The Board of West View College has implemented a Policy whereby no child may be re-enrolled at the school if there are outstanding fees from the previous year.

Parents experiencing financial difficulties may make application to the Board via the Head of School in order to make a payment arrangement to clear their arrears amount. Should this not be done well before the year end, the Policy above will be strictly applied.

Any questions or queries concerning school fees, enrolments, or the use of the KarriApp should be addressed to the School Office info@westviewcollege.co.za and we will be glad to assist you with your issue.
